At Resetea, we create sustainable, responsible, and innovative products with which to enjoy nature at home.

# Home growing kit

With coffee as a substrate, we have created a kit through which you can grow your own mushrooms without leaving home. It's easy, fun and sustainable.

The kit contains a sealed bag of oyster mushroom mycelium incubated on coffee grounds. Its use is very simple, you just have to tear off the window, make a cut in the bag, submerge it in water for 24 to 36

hours, put it back in the box and moisten the substrate daily. In a few days your first mushrooms will begin to sprout.

Once the cultivation is finished, the mushrooms convert the substrate into an excellent natural fertilizer that you can use in your pots or your garden.

**Size:** 17 x 14 x 34 cm.

**Weight:** 2 Kg.

**Price:** 12 €

**RRP:** 25.90 €

Packaging unit/Minimum order: 4 units

## Culinary kits
