MARKET

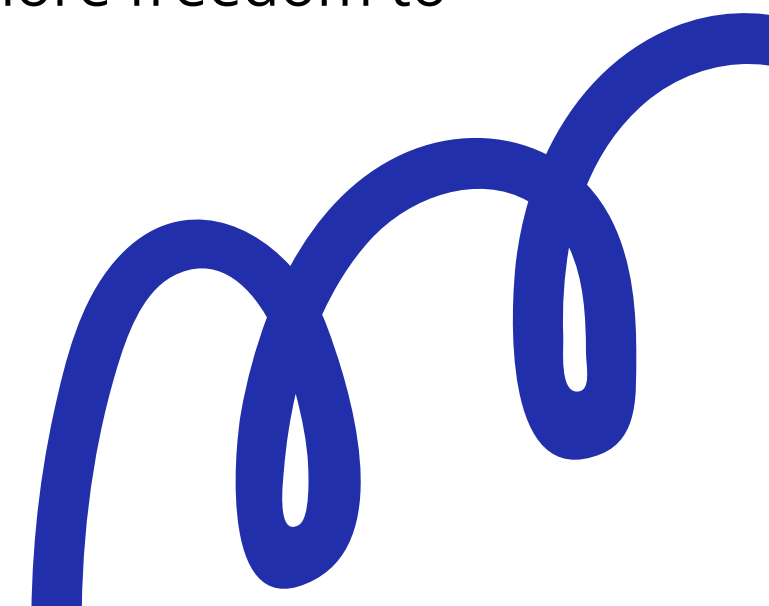

ABOUT ME

Hey There 🙋

My name is Jérémy and since I was little, I have been a creative. My mother used to say that I lived in an imaginary world.

That's why I decided to take all the ideas in my head and create Fluid Market. I always wanted a brand that was fun and promoted good vibes. This is why, after years working in the candle industry, it was time for me to try new things and move towards the work of ceramic which gives me more freedom to bring my ideas to life.

Welcome in my mind,
I hope you enjoy the trip.
