

A photograph of two women lying on a textured, light brown surface. The woman on the left is wearing a white and navy blue striped long-sleeved shirt and is smiling with her eyes closed. The woman on the right is wearing a maroon cord jacket and is smiling with her eyes open. Both women are wearing jewelry, including necklaces, earrings, and rings. The overall mood is warm and joyful.

our story

Co-Founders Nick and Louise Bartlett

Founded in 2011 by brother and sister duo Nick and Louise, the Estella Bartlett family has grown over the years to become the well-loved jewellery and accessories brand that it is known as today. Based in the heart of London, just a stone's throw away from the creative beacon that is the Tate Modern, our in-house design studio is home to a close-knit and passionate group of creatives pouring their hearts into every design.

winter 21

This year has seen challenges in many shapes and sizes, but if there's one thing we've learnt it's that happiness truly makes the world go round. With that in mind we've kept joy at the centre of this collection and design process to create classic, wearable designs with a fun and modern twist for everyday styling.

EB EDIT

the eb edit

The EB Edit was created for pure enjoyment and self expression. We believe that wearing jewellery transforms not only how you look but also the way you feel. With a variety of different profiles, you can layer and combine pieces to suit your style and mood.

The design inspiration is a celebration of nostalgia, layered with playful charm. Re-imagined motifs such as the lucky horseshoe and ingot bar necklace have been elevated by premium touches and finishes. Bridging the gap between top end demi fine and high street fast fashion jewellery.

The EB Edit offers beautiful new designs that are not constrained by packaging, each piece is fully available to touch and feel and fall in love with.
