YUMI BOW TIE COLLECTION

our story

Why choose when you can create? Every day asks for a new outfit to match our mood. The bow tie, that never fails to put a smile on our face, is our favourite accessory to combine with every item in our wardrobe. We want to give you the possibility to be your own designer. This turned into the colourful Yumi bow tie collection.

We work from a slow fashion perspective. To us this means that our collections lasts longer than just one season. Some of our designs even remain in the collection for years. During the production of our bow ties, we aim to minimise waste. We use up all our fabrics to the very last centimeter, leaving only a small pile of dust behind. We design our products in our studio based in the Netherlands. A large part of the production takes place in our (sewing) studio. Additionally, several steps of the production are managed by various social enterprises.

Did you know? Every Yumi bow tie is made out of high quality Kvadrat design fabric.

YUMI BOW TIE COLLECTION

the concept - how it works

Choose, combine and create. The Yumi bow tie collection consists of 12 colours which can be mixed and matched. All colour combinations are possible, resulting in a choice of 144 different versions.

TWIST YOUR STYLE

What makes this bow tie so special? It can be adjusted to your personal wishes in no time. It is like an all-in-one, DIY construction kit. The small coloured strap in the middle can be removed thanks to a small hook on the back of the bow. Get a strap in a different colour and change your style in a matter of seconds. It has never been easier or more fun to mix and match your perfect outfit.

Do you prefer a classic look? Then simply turn the bow around and switch from a single to a double fold pleat.

starter sets - the designers's choice

With 144 options it might be difficult to decide which colours work best together. That is why we developed our Yumi bow tie Starter Sets - The Designer's Choice. We developed two sets in different colour themes: CLASSIC and MULTICOL-OUR.

Each set contains 18 bow ties and 12 matching colour straps. These sets have been carefully assorted to make a nice colour balance between best-sellers and eyecatchers. Go for the full Yumi bow tie experience and get one of these starter set
